

THE MOLECULAR & CELLULAR PROGRAM DIVERSITY, EQUITY & INCLUSION COMMITTEE

We are a committee comprised of MCB Students, Staff and Faculty. We meet once a month to work on events, resources, and committee activities.

Our goal is to maximize the opportunities for academic growth and scientific discovery by providing visibility, advocacy, and safe space for all identities.

Things we do:

- Trivia Night welcoming incoming first years &
- Watch Parties of films & documentaries
- Monthly community building events for all MCBs
- Consulting for 1st year DEI Course
- Provide and update list of resources with volunteering & outreach opportunities

Things we want to do:

- Organizing & planning monthly talks of diverse UW faculty members and
- Work with UW to create & amplify affinity groups where our students can find specific communities, e.i. Woman in Science, LGBTGIA, Black/African, Native/Indian, Latin Americans, Asian/Pacific Islanders, & allies

We are happy to answer questions about:

- The student experience regarding belonging and support from the program
- MCB labs & faculty that are committed to inclusion and advocacy
- The MCB Community in general & Seattle community for BIPOC & LGBTQIA folks
