

## UNDERGRADUATE RESEARCH PROGRAM

UNIVERSITY of WASHINGTON

Undergraduate Academic Affairs

### Summer STEM Research Programs @ UW!

The University of Washington offers a number of summer undergraduate research opportunities in science, technology, engineering, and mathematics (STEM). Consider spending a summer engaging in an exciting research opportunity in Seattle!

For a complete listing and links, visit:

[www.uw.edu/undergradresearch/students/find/summer-at-uw/](http://www.uw.edu/undergradresearch/students/find/summer-at-uw/)

#### Programs Include:

**Center for Sensorimotor Neural Engineering (CSNE) Summer Research Program**

<http://csne-erc.org/content/research-experience-undergraduates>

**Clean Energy Bridge to Research**

<http://cei.washington.edu/cebr>

**Doris Duke Conservation Scholars Program at the UW**

<http://uwconservationscholars.org/>

**Environmental Health Research Experience Program**

<http://deohs.washington.edu/ehrep>

**Fred Hutchinson Cancer Research Center Summer Undergraduate Research Program (SURP) (Affiliated with UW)**

<http://www.fredhutch.org/en/education-training/undergraduate-students.html>

**Genome Sciences**

<http://www.gs.washington.edu/academics/summer/gssummer/index.htm>

**Howard Hughes Medical Institute (HHMI) Exceptional Research Opportunities Program (EXROP)**

<http://www.hhmi.org/grants/individuals/exrop.html>
